Minimum Qualification Specifications  
for the Classes:

GENERAL CONSTRUCTION INSPECTOR I, II and III  
(GENERAL CONST INSPECTOR I, II and III)

**Basic Experience/Education Requirements:**

Work experience which demonstrated the ability to read and apply oral and written instructions, write simply and directly and perform arithmetic computations.

Graduation from high school, or equivalent, may be substituted for the work experience described above.

**Experience Requirements:**

Applicants must have had progressively responsible experience of the types and quantities indicated below, or any equivalent combination of training and experience.

| Class                         | General<br>Experience<br>(Years) | Specialized<br>Experience<br>(Years) | Total<br>Exper<br>(Yrs) |
|-------------------------------|----------------------------------|--------------------------------------|-------------------------|
| General Construction Insp I   | 2                                | 0                                    | 2                       |
| General Construction Insp II  | 2                                | 1                                    | 3                       |
| General Construction Insp III | 2                                | 2                                    | 4                       |

General Experience: Journey-level experience in one or more of the construction trades which provided the full range of specialized knowledge, skills, abilities and practices used in such trade(s) as applicable in the construction industry.

Specialized Experience:

- A. Construction inspection work experience; or
- B. Full-time supervisory work experience over a force of skilled trades workers in the construction industry, provided the experience involved responsibility for interpreting plans and specifications and inspecting workmanship and materials for adherence to such plans and specifications.

For the General Construction Inspector III level, at least one (1) year of Specialized Experience must have been comparable to the General Construction Inspector II level.

**Non-qualifying Experience:**

Experience in such positions as the following will not be accepted as qualifying:

1. Engineering Aid or Draftsman
2. Equipment Operators
3. Materials Inspector
4. Automotive Mechanic
5. Machinist
6. Welder

**Quality of Experience:**

Possession of the required number of years of experience will not in itself be accepted as proof of qualification for a position. The applicant's overall experience must have been of such scope and level of responsibility as to conclusively demonstrate that he/she has the ability to perform the duties of the position for which he/she is being considered.

**Substitution Allowed:**

Excess Specialized Experience may be substituted for General Experience on a month-for-month basis.

**Selective Certification:**

Specialized knowledge, skills and abilities may be required to perform the duties of some positions. For such positions, Selective Certification Requirements may be established and certification may be restricted to eligibles who possess the pertinent experience and/or training required to perform the duties of the position.

Agencies requesting selective certification must show the connection between the kind of training and/or experience on which they wish to base selective certification and the duties of the position to be filled.

**Tests:**

Applicants may be required to qualify on an appropriate examination.

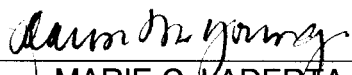

**Physical and Medical Requirements:**

Applicants must be able to perform the essential duties and responsibilities of the position effectively and safely, with or without reasonable accommodation.

-----

This is an amendment to the minimum qualification specification for the classes GENERAL CONSTRUCTION INSPECTOR I, II and III (GENERAL CONST INSPECTOR I, II and III), approved on December 13, 1984.

DATE APPROVED: OCT 06 2010
